Appendix 2-A

Correspondence of the East Texas Regional Water Planning Group Chair to the Texas Water Development Board

Following is a letter from Kelley Holcomb, Chair of the ETRWPG, to the TWDB, regarding the 2021 Plan Projected Demands. The letter is dated January 12, 2018, and presents a proposal and supplemental documentation requesting for the TWDB to revise projected demands with the following attachments:

- Attachment 1 LNVA Projected Manufacturing Demands (Jefferson Manufacturing, Jasper Livestock, and Nacogdoches Livestock)
- Attachment 2 Southeast Texas Groundwater Conservation District Meter Readings (Tyler Steam Electric Power)
- Attachment 3 Email from Lumberton Municipal Utility District (Lumberton MUD)
- Attachment 4 Email from Texas Department of Criminal Justice Representative (Woodville)

Mr. Jeff Walker Executive Administrator Texas Water Development Board 1700 North congress Avenue Austin, Texas 78701

Re: Proposed Revisions to Projections for the East Texas Regional Water Planning Area

Dear Mr. Walker:

This letter transmits proposed revisions of the East Texas Regional Water Planning Area (Region I) population and water demand projections developed by the Texas Water Development Board (TWDB) for the 2021 Regional Water Plan (2021 Plan). These recommendations were adopted by the East Texas Regional Water Planning Group (ETRWPG) at its general meeting held on December 11, 2017. Following is a summary of the proposed revisions by demand category; documentation for these revisions has already been provided to TWDB staff.

• Municipal Demands

- Moved population from Tyler County-Other to City of Woodville to account for the Gib Lewis Unit Texas Department of Corrections facility located within Woodville's service area. Decreased City of Woodville Base GPCD from 315 to 200 in order for water demand projections to remain constant with population increase. Tyler County-Other Base GPCD remained constant; therefore, the water demand projections decreased with population decrease.
- o Moved population from Hardin County-Other to Lumberton MUD per historical data. The Base GPCD for each Water User Group remained constant. Overall, the Municipal demand for Hardin County decreased as Lumberton MUD has a lower Base GPCD than Hardin County-Other.

• Manufacturing Demands

o Increased Jefferson County Manufacturing demand per existing contract data provided by Lower Neches Valley Authority.

• Steam-Electric Demands

 Added Tyler County Steam-Electric demand per historical data provided by County Judge.

• Livestock Demands

- o Increased Jasper County Livestock demand per existing contract data provided by Lower Neches Valley Authority.
- o Increased Nacogdoches Livestock demand per existing contract data provided by Lower Neches Valley Authority.

Mining Demands

- o No recommended changes
- Irrigation Demands
 - o No recommended changes.

^{(1) 2017} SWP: Projections are from the 2017 State Water Plan, adopted on May 19, 2016.

^{(2) 2021} RWP: Projections are from the Texas Water Development Board website.

^{(3) 2021} ETRWPG: Projections are those proposed by the East Texas Regional Water Planning Group (ETRWPG)

The enclosure to this letter provides the proposed revisions in the format requested by the TWDB.

In addition to these proposed revisions, the ETRWPG would like to notify you of the following name change: the Water User Group formerly known as Lake Livingston Water Supply and Sewer Service has changed their name to Lake Livingston WSC.

The ETRWPG appreciates the opportunity to submit these recommendations. Please do not hesitate to contact me if you have any questions.

Sincerely,

Kelley Holcomb, Chair

East Texas Regional Water Planning Group

Subject: RE: Reg I - Tyler County

Mrs. Syvarth,

As you are aware by now, Mr. Flowers retired in April 2017. I have assumed his duties until his position becomes filled. The average population for the Gib Lewis Unit is 2,240 personnel; which is offenders and staff. The water demand for the unit is 16,203,850 per month, based on the last 3 years of water data. There are no plans for expansions for this Unit.

Tony Robinson

Subject: Reg I - Tyler County

Good morning Mr. Flowers,

I am one of the consultants working with the Texas Water Development Board to create the next regional water plan for East Texas. We are currently reviewing population projections and water demands in Tyler County.

Can you provide me with the average population and water demand of the Gib Lewis Unit located in Woodville, TX and how those demands are expected to change over the next fifty years?

I appreciate your time,

Cynthia Amoles Syvarth, PE
